

PPIB's Contribution towards MQF

The close of 2010 marked the end of a five-year period prescribed to UMS for the adoption of MQA standards. The task of ensuring that the necessary measures were implemented within the allotted time frame fell to Pn. Wardatul Akmam Din, the Deputy Dean of Academic Affairs and Internationalisation. Her response was to organize a one-day workshop on 17 January 2011 to fine-tune and standardise the documentation for all the courses offered by PPIB.

The team consisted of 30 academic staff including four coordinators and selected lecturers from the compulsory, soft skills, and language course clusters. Working from 8 am to 5 pm at Novotel, Kota Kinabalu, the task force successfully edited the documents to achieve uniformity and conformity to the stipulated standard.
