## You are on Candid Camera

**A** one-day photography workshop took place on 20 December, 2010. The event, organised by the Webmaster Committee of PPIB under the chairmanship of Assoc. Prof. Dr. Ahmad Tarmizi Abd. Rahman, was attended by 21 enthusiastic participants from PPIB, who received instruction from local freelance photographers, Ruslan bin Lusi and Ramden Salleh Nain. The day was split into two sessions: in the morning, participants gathered at the main meeting room, PPIB for a talk by Mr. Ruslan on digital camera basics and techniques; while after lunch the group got a chance to put theory into practice at ODEC beach. Participants experimented with their camera settings and then received feedback on their efforts from the instructors. Everyone seemed to enjoy themselves and it was agreed that more such workshops should be held in future.
