

Cochrane Systematic Review Workshop

This workshop was held on 16th to 18th October 2012 at the School of Medicine Computer Lab. This 3 day workshop was a joint collaboration between School of Medicine, Cochrane Collaboration, Penang Medical College and Sabah Women and Children's Hospital Likas. The objectives of the workshop were to :

1. Understand the general methods required to prepare a Cochrane Systematic Review.
2. Be able to draft a protocol for a Cochrane Systematic Review.
3. Know where to find further assistance.

The trainer of this workshop was Professor Dr Jacqueline Judith Ho, a certified Cochrane Trainer and also the Head of Department of Paediatrics Penang Medical College. The organizer of the workshop was Associate Prof Dr Hellen Lasimbang, Head of Reproductive Health Department of School of Medicine. There was 30 participants from all the schools in UMS who attended this informative workshop.
