

# PUBLIC LECTURE@SPU

A Public Lecture@SPU was held on 2nd November 2012 in the Main Auditorium, Block B Level 3, at the School of Medicine UMS. The event was organized by the Department of Medical Education and Allied Health. Participants included medical doctors, medical officers, nurses, medical laboratory technologists, post-graduate students, trainee-MLT, laboratory staff and the students. Dr Teresa L. Knight delivered a lecture on the latest progress of breast cancer screening and treatment while Professor Miyoko Kume shared her experiences regarding pertaining to issues of ageing, bone mineral density and medical care. The lecture was officiated by the Prof. Dr. Muhammad Tauffik Mohd Noor.

At the end of the lectures, a question and answer session was held among the panel speakers and the participants.
