

Malaysia Technology Expo (MTE) 2015

Patricia Matanjun & Neoh Yan Ying

Universiti Malaysia Sabah competed in Malaysia Technology Expo (MTE) 2015, which was held in Putra World Trade Centre (PWTC) on 12-14 February 2015. Since its inception in 2001, the MTE has evolved to be the leading international invention and innovation expo in the region. It is an annual event with more than 500 exhibits of platform for the technocrats and innovators to showcase their cradle or near term projects to the public and a target audience of potential investors. This year, there were more than 300 product entries and participation from researchers, scientists and innovators from the government, private higher learning institution, locally and abroad.

UMS delegates comprised of 5 researchers with 7 innovative products' participation. UMS won two Gold, one Silver and three Bronze awards, with two of its entries also accorded special award. These achievements are especially significant as six out of seven entries forwarded by UMS won awards.

The sole representative of Faculty of Food Science and Nutrition, Assoc. Prof. Dr. Patricia Matanjun, successfully won two gold medals with her inventions entitled "A-TEMPEH Canned Sambal Tempeh with Anchovies" and "SEA-MORI Healthy Instant Noodle Seasoning." Besides, A-TEMPEH and SEA-MORI were given special awards, for the Best Award and Gold-Medal Award with Compliment from Jury.

Assoc. Prof. Dr. Patricia Matanjun awarded with two special award together with her Master students, Neoh Yan Ying and Chan Pei Teng.
