

STATISTICAL PACKAGE FOR SOCIAL SCIENCE COURSE

On 13 August 2008, Lecturers and students attended a Statistical Package for the Social Science Course at the Beta Computer Lab, SBE Building. The workshop was organized by Accounting Centre, UMS with the objective to exposed and enabled the participants about the data collection and analysis. The course was conducted by the experienced Lecturer cum facilitator Pn. Roslinah Mahmud who has a vast experience in SPSS.

“I gained more knowledge and a better understanding in SPSS, this workshop is really good,”

commented Assoc. Prof. Dr. Fumitaka Furuoka, who was one of the participants in the half day course.
