

# EARTH DAY 2008

Students of Tourism Management with the collaboration of Business & Economics School Welfare Association recently organized 'EARTH DAY' in conjunction with World Environmental Day. The event which took place at the Foyer was held on 19 March 2008. The Dean, during his speech congratulated the organizer for being sensitive with the global environmental issues. In conjunction with the event, 10 tree samplings were planted around the Business & Economics School building by 10 programs which the Dean of Business & Economics School was being honored to start the symbolic planting of the tree. Also, a talk was given by the representative of Forestry Department which was attended by almost 100 students.
