

In a long line of assistance to UMS lecturers, UMSLINK CEO Mr Wan Mohd Azeelan Hj Adnan generously provided 3 President cars for Datuk VC. The Presidential experience was completed with these. Thank you UMSLINK CEO Mr Wan.

VICE-CHANCELLOR

Vice-Chancellor Datuk Dr. Mohd Harun With a Presidential-Styled Simulation

KOTA KINABALU. A 2nd National Psychology Seminar was held on the 7 to 8 November 2013 and successfully received participants nation-wide. Its seminar details has been published in the *QUEST MAGAZINE*. Subsequently, this magazine will highlight the choreographed exercise which has been practiced by SPKS students for months for this event. In this one time exercise, participants were

treated to an international world-presidential experience, performed by the students. In this first time simulation, students formed a Bikers Squadron, and rode beside UMS Vice-Chancellor Professor Datuk Dr. Harun Abdullah. Inside, a 1st Class Stewardess had just returned after picking up the Vice-Chancellor from his office on Level 6. The sound of the bikers' convoy rocked the air.

Only to be thundered even louder by the magic of the Student's *Kompang*. A larger student group came and waved our flags proud. Like a sea of glistening diamonds and sounds of a thousand thunder, the students welcomed Datuk VC world president-style.

▲ Students come and go. Most never get this close to their Vice-Chancellor. In their once-in-a-lifetime chance, the Vice-Chancellor himself made a last minute surprise attendance. The students were utterly shocked. Datuk VC granted their wish, and agrees to a photo. This photo now hangs in every living room of the student's family house.

English @ Psychology Lecturer Alfred Chan

A 1st *Pesawat* Team controlled the arrival platform with a 1st 1Msia Model Team. Braving his medical condition at the time, Datuk VC pushed on, giving the students a once-in-a-lifetime photo. All their practice has led up to this surprise golden experience. Students also welcomed Dean AP Dr. Murnizam Halik and Seminar Chairperson AP Dr. Chua Bee Seok. Inside the hall, the Head Secretary gave a signal

and everyone flashed their phone, creating an olympic effect. The 1st Secret Servis Team formed was everywhere and brought back 5000 never-seen-before photos. These SPKS students, once shy but now like steel, successfully carried out a 1st world-president-level event at UMS. Their families far away hear of them and shed tears of proudness.
