

# ECONOMICS STUDENTS ORGANIZED 5 DAYS SALES CARNIVAL 2008

Financial Economics Club recently organized a 5 days Sales Carnival 2008 from 10-15 Feb 2008 . According to the Project Director, Chan Chee Peng, the objective of the carnival is to provide a platform for a student to venture into business through setting small stalls. The project gets a sponsorship from HOTLINKS when the company willingly to sponsor 15 canopies for the duration of the project. The response from the public and students were good and some of them have the intention to come back again. Most of the stalls set up were mainly selling food & beverage such as burgers, Uncle Bob, drinks. The Business & Economics School encourages such activities as it could help the students to develop their skills in organizing business activities and at the same time equip themselves with the tools .
