# MY DEAR STAFF

I love them all. I wish them all the best. I have learnt a lot in my 8 years in UMS. I came to UMS fresh and learn everything about being a lecturer. Thank you SPKS and UMS!

## FUTURE OF COUNSELING IN UMS

The future of counseling in UMS looks good. The demand is still strong for this program, and all the time, unfortunately, the drug problem is persistent. There is a goal of eradicating this social problem by 2015 but I believe more work and more qualified practitioners is needed. In all, the demand in this field is vital to the development of a healthier Malaysia.

Time to serenade the crowd

## MY DEAR STUDENTS

I wish my students all the best. I not only want to see them finish at degree, but I want to see them finish at PhD level too. I am going to Cyberjaya University College of Medical Sciences (CUCMS) and hope to see them there doing their PhD studies. It was a great time teaching them in Universiti Malaysia Sabah.

Mr Zall with the Dean of SPKS
