

SEMPORNA CHARITY TRIP

Kelab Kebajikan & Rekreasi SPE once again organized an annual social obligation by doing a good social work at Semporna after a successful same charity work at Tenom last July. Among the activities conducted during the visit were tour of the facilities, playing games in the classroom with the students and curricular activities such as football, baling and handicraft. The group also distributed goodies such as oranges and snacks while contributing a set of stationeries to the school.
