**WEDNESDAY, 28 MAY** -The Faculty of Humanities, Arts and Heritage in collaboration with the Faculty of Medicine and Health Services, Universiti Malaysia Sabah (UMS) and the US Embassy Kuala Lumpur will be organising a free public screening of a documentary film on 'The Big Picture: Rethinking Dyslexia', and a dialogue with the film director, James Redford.

The event will be held on Thursday, 29 May at Lecture Hall B1, Faculty of Medicine and Health Sciences (School of Medicine) starting at 2.00 pm.

This is a film which provides a personal and uplifting account of the dyslexic experience from children, experts

and iconic leaders, such as Sir Richard Branson and financier Charles Schwab. This film, not only clears up the misconceptions about the condition, but also paints a picture of hope for all who struggle with it. The Big Picture beautifully illustrates that while the condition is an obstacle, it also carries some unique advantages, and ultimately can be overcome.

All are welcome.
