FRIDAY, 13 FEBRUARY – Universiti Malaysia Sabah (UMS) Vice-Chancellor, Professor Datuk Dr. Mohd Harun Abdullah recently paid a visit to the Bursar Department during his meeting session with officials of the department.

At the meeting held at the Meeting Room of the Bursar Department, Datuk Dr. Harun urged the department to assist the university in planning for its income generation and investment.

He also advised the Bursar Department to emulate some Private Higher Education Institutions (IPTs) that seemed to be able to adopt austerity measures and

generating income thus contributing profitable returns for the university.

At the meeting, Acting Bursar, Zallifah Shadan also explained to Datuk Dr. Harun on the management, function and operations of the department.

Her briefing also included the latest efforts made by the Bursar Department which was the development of the i-OT system and i-Utility, in supporting the EcoCampus concept.

Last year, the Bursar Department emerged champion at the Creative and Innovative Convention UMS level through its i-Claim after successfully developing i-Assets system which was first adopted in May 2014. – *ZMD (fl)*
