

# UMS V-C: Varsity students should be more responsible

*BP 21-12-2011 A3*

**KOTA KINABALU:** Universiti Malaysia Sabah (UMS) Vice Chancellor, Prof Datuk Seri Panglima Dr Kamaruzaman Ampon urged university students to act more responsibly when raising their objections to the relevant authorities.

“We do not know which of these students are but we do not agree with their action. Our hope is that students will be more responsible when raising their objections,” he said.

Speaking to reporters after signing a Memorandum of Understanding (MoU) with Universiti Sains Islam Malaysia (USIM) to work together in the development of their students and staff, Kamaruzaman said the collaboration was to strengthen ties.

“This is also one of the reasons why we are strengthening ties between UMS and USIM so that we can organize recreational activities to keep the students busy,” he said this when asked to comment on the case involving university students who made a symbolic gesture of lowering a flag bearing the picture of Prime Minister Datuk Seri Najib Tun Razak at the grounds of the Putra World Trade Centre on Saturday.
