TUESDAY, 15 JULY – A total of 35 Orientation Leaders (PSM) Universiti Malaysia Sabah (UMS) attended the Orientation Leadership and Management Course 2014/2015 (BIMBING) recently.

According to the course coordinator, Kim Asbiyallah Shah Akim, the programme was an annual event organised by the Student Affairs and Alumni Department (HEP) to guide the number of UMS undergrads selected as PSM.

“This is a preparation in facing the Orientation Week (Minggu Suai Mesra, MSM) 2014/2015 Session of new intake this coming September,” he said when contacted by Chancellery Media.

Kim, who is the Assistant Registrar at the Student Affairs Department said BIMBING course exposed participants to the aspects of leadership, management, administration, self-development and other matters relating to MSM.

In the meantime, Deputy Vice-Chancellor of Student Affairs and Alumni when contacted said it was the responsibility of HEP in educating, nurturing and forming the discipline and moral of undergrads as well as taking care of their welfare during their period of study at UMS.

“We will always support and help undergrads to achieve success and apply the soft-skill values thereby producing first-class human capital. We will stand firm despite the many trials and challenges that come our way,” he said.

Held at Residential College AB UMS, the five-day course was facilitated by 10 experienced facilitators. – *SS (fl)*
