THURSDAY, 02 MAY – In support of Universiti Malaysia Sabah’s (UMS) efforts toward becoming the first EcoCampus in Malaysia, the Finance and Banking Management Club (HE06), School of Business and Economics (SPE) had set up a committee known as the ‘HE06 Green Team’.

The Director of the committee, Rano Karno said the objective of the establishment of Green Team was to support the university’s commitment to become an EcoCampus, beside fostering the spirit of love for the environment among UMS students.

“The culture of caring for the environment should be sown, nurtured and practiced at the campus so that this earth that we loved so much would be saved, besides moulding students to possess great personality,” he said.

Meanwhile, the Head of Programme for Finance and Banking Management, Amer Azlan Abdul Jamal said, the aim of the university towards becoming an EcoCampus needs the commitment and support from all sides including students. He said, students play an important role in creating positive culture at university level.

“It is our fervent hope that effort such as this would bring about awareness to all especially our students on the importance of caring for the environment for our own harmony,” he added.

The official opening of the establishment of the said committee was done by the Deputy Dean of Student Affairs and Postgraduate, Dr. Mohd. Rahimie Abdul Karim recently. – *FL*
