FRIDAY, 28 NOVEMBER - UMS become the host to Occupational Safety and Health (OSH) Programme by the Malaysia National Institute of Occupational Safety and Health (NIOSH) recently.

With 'Strengthening PERKESO contribution through Occupational Safety and Health Administration Management Mechanism' theme, the programme was organized to apply OSH aspects to those who are involved in land public transportation especially the buses services.

The programme was organize due to the statistic reports from Social Security Organisation (SOCSO) shown increasing figure on accidents especially buses since year 2010-2012.

The programme was also giving awareness and understanding on the importance of mannered driving through basic Occupational Safety and Health Administration Management demonstration techniques related to driving as stated in the Occupational Safety and Health Act 1994.

The programme was held at Cafe De'Sireh, UMS Chancellery Building attracted more than 30 participations from local transportation companies' representative and UMS staff.
