WEDNESDAY, 11 JANUARY - An E-print Intensifying Workshop in collaboration with Universiti Putra Malaysia (UPM) was held from 9 – 11 January 2017 at Universiti Malaysia Sabah (UMS).

The main objective of this workshop was to improve UMS institutional Repository (IR) services to meet the needs of users and to improve the university's performance in Webometrics ranking.

The activity organised by UMS Webometrics Team involved eight participants from the Department of Information and Communication Technology (JTMK) and UMS Library.

A sharing session on the best practices in systems and information management was held including a hands-on training on maintaining and operating of the systems.

This collaboration was the result of an earlier discussion held during a working visit to Universiti Putra Malaysia (UPM).

This activity was led by Haji Shaiful Yazam and Muizzudin Kaspol of Tun Abdul Samad Library, Universiti Putra Malaysia (UPM).
