Tarikh : 10 - 11 Ogos 2016
Masa : 9 pagi - 5 petang
Tempat : Universiti Malaysia Sabah, Kota Kinabalu

MyCSC Cybersafe

TUESDAY, 09 AUGUST –

CyberSecurity Malaysia in collaboration with Universiti Malaysia Sabah (UMS) are jointly organising the 'Ops Jelajah Cyber 2.0' starting tomorrow until Thursday.

The programme organised under the Ministry of Science, Technology and Innovation (MOSTI) aims to increase cyber security awareness and information among local community.

It is also to help the local community to improve economic wellbeing through the implementation of service, upgrading of skills or

innovation that could be implemented in a sustainable manner.

Known as MOSTI Social Innovation (MSI), the programme will be held at the Lecture Hall 2 UMS.

About 30 participants consisting of entrepreneurs, representatives of agencies and government bodies, non-governmental bodies and associations will participate in the programme.

The training programmes will expose participants to various services provided by CyberSecurity Malaysia, such as the Cyber999 Help Centre and the data restore and sanitation service. - (f/)
