Efforts to expose Universiti Malaysia Sabah (UMS) student leaders to foreign culture should be intensified to instil creative as well as critical thinking and with foresight thus responding the call to internationalise university students.

Recognising this, UMS recently sent 18 Student Representatives Council (MPP) of the 2014/2015 Academic Session to Beijing, China for a High Performance Leadership Tour.

The group leader, Mohd. Al-Farid Abraham said, the tour was also a platform for sharing of knowledge between Malaysia and China

covering many areas and aspects of student leadership.

“We were also exposed to the academic system and patterns of student leadership in Beijing besides learning the Eco-Tourism system in that country that could be applied by UMS to streamline the EcoCampus concept,” he said.

Al-Farid, who was also the MPP President for the 2014/2015 Session also accorded his gratitude to UMS and described the visit as very timely and beneficial.
