WEDNESDAY, 6 MAY – Senior Lecturer at the Faculty of Psychology and Education (FPP) Sports Science Programme, Dr. Mohamad Nizam Nazarudin was recently appointed as one of the moderators in the Sports Development Plan Writing Workshop 2015-2023.

When contacted, Dr. Mohamad Nizam said that the appointment was based on publication records and involvement in the development of national sports and the Malaysian Universities Sports Council (MASUM) earlier.

“The appointment is based on my experience and involvement in sports thus bringing UMS' name to national level,” he said.

Touching on the workshop, he said, it was the best way to restructure the country’s sports development plan through a systematic process in documentation.

The workshop was held at the Hotel Grand Beach Resort, Port Dickson and discussed 15 types of sports such as diving, synchronised swimming, weightlifting, cycling, artistic gymnastic, gymrama, karate, lawn bowl, archery, shooting, sailing, squash, taekwondo, boxing and wushu.

“The four-day workshop was attended by academics from local universities, president and representatives from national sports association, national coaches and sports management of the National Sports Council,” he said. – *ZMD (fl)*
