UMS

UNIVERSITI MALAYSIA SABAH

Universiti Malaysia Sabah (UMS) is not involved with any gatherings or street demonstrations of any kind organised by anyone pertaining to the just concluded election results announced recently.

I, as the Vice-Chancellor of Universiti Malaysia Sabah (UMS) hereby stressed that the use of UMS logo on any banners, posters or social network is done without the approval of the university. As such, the university will be doing a thorough investigation to identify those who had used the university's logo irresponsibly for their own intended purposes.

I strongly prohibit any involvement of our students in such gatherings and demonstrations. My advice to our students is that they should concentrate on their original intention upon admission to the university that is to search for knowledge tirelessly as entrusted by their parents who hopes to see them graduate with pride.
