**MONDAY, 26 MAY** – Undergrads under the Sports Science Programme Universiti Malaysia Sabah (UMS) conducted a study visit recently to the Malaysian Royal Navy Base (TLDM) Sports Complex.

It aimed among others, to gain knowledge and exposure on techniques and methods to effective sports infrastructure management.

Their visit was greeted by TLDM Sports Centre Officer, Lt. Nur Jad Affendi Jalal who then gave a briefing on sports equipment at the naval base.

One of the students, Rutlyne Joinis said the visit had given a lot of input which can be adapted to enhance the learning process as well as useful experience that can be applied to all forms of theories learned in lectures.

The undergrads were also taken to the football stadium, hockey pitch, swimming pool, multipurpose sports hall, squash courts, tennis courts and the Navy Yacht Club. – SS (fl)
