All deputy deans and Head of Departments
Ladies and Gentlemen.

Bismillahirrahmanirrahim,

Assalamualaikum Warahmatullahi

Wabarakatuh, Salam Sejahtera, Salam

Negaraku Malaysia and a Very Good Evening,

Alhamdulillah, praise to Allah SWT that we gather tonight to celebrate the Faculty of Medicine and Health Sciences Appreciation Night 2017. It is my pleasure to celebrate the achievements of outstanding students and staffs throughout the faculty.

I would like to thank and congratulate all committees for such a memorable occasion.

I would also like to thank from the bottom of my heart, the director of the Sabah state health department, Dr. Christina Rundi and hospital directors for great relationship and cooperation with UMS, especially the faculty. Without such collaboration, the clinical services attachment, which is very critical to the medical and health sciences students, cannot be delivered successfully.

Ladies and Gentlemen,

As you all are aware, the Malaysia High Education Blueprint emphasizes that graduates shall not only excel in academics, but also in other aspects like leadership. So, I believe, to students, the award today is just the start, to spur you towards greater achievements. Good quality of graduate cannot be made without great, dedication and committed academic and administration staffs.

I guess the faculty was the luckier one for having such great cooperation and strong determination among the staffs. I sincerely thank you all for these great achievements and keep challenging yourself to deliver an educational service that is high in quality.

Finally, I would like to congratulate all the recipients of the faculty awards today. I hope you will continue to challenge yourself to excel and to contribute to the community.

Thank you.

Wassalamualaikum Warahmatullahi Wabarakatuh.
