

UMS to organise seminar on human capital management

KUALA LUMPUR: Universiti Malaysia Sabah (UMS) with the help of the Malaysia OIC Trade Chamber (MOICTC) and the Malaysian Institute of Human Resources Management (MIHRM), is organising the international level OIC Seminar On Human Capital Management 2006.

To be held from November 22-24 in Kota Kinabalu, Sabah, the seminar will feature the theme, "Managing Talents and Performances: The Step Forward".

Prime Minister Datuk Seri Abdullah Ahmad Badawi, who is the President of the OIC (Organisation of Islamic Conference), is expected to officiate the event.

"The event is to introduce a human capital programme and also hold a formal forum in the more efficient development of human capital management amid the waves of globalisation," said the President of MIHRM, Prof. Datuk Dr. Ibrahim Ahmad Bajunid.

Ibrahim said the event was also in line with the Prime Minister's call for more knowledgeable workers.

Participation is expected from OIC member countries, government agencies, corporate organisations, as well as institutions of higher learning and the private sector. - Bernama
