UMS first to set up SPaiKs

KOTA KINABALU: Universiti Malaysia Sabah (UMS) is the first institution of higher learning in the country to have set up a School of Psychology and Social Work (SPaiKs).

According to a UMS statement, organisational and industrial psychology would be playing a major role towards meeting the impending challenges of the 21st century.

In this respect, USM is organising a two-day seminar themed "Organisational and Industrial Psychology: Challenges in the Third Millenium", beginning June 9, aimed at familiarising participants on the prospects of the pilot programme.

The seminar is expected to benefit researchers, academicians, administrators, public and private executives, students and everyone else who is interested.

Further enquiries are available from USM, tel. (088) 260741/2/3/4.
