UMS appreciates staff's contributions: Dy Vice Chancellor

KOTA KINABALU: Universiti Malaysia Sabah (UMS) Deputy Vice Chancellor Kol Prof Dr Kamarulzaman Haji Ampon said the university's management appreciated the contributions of its staff in achieving the programmes initiated by the university.

Without the commitment and dedication of the staff, UMS would not be able to stand tall as it is today, he said.

"I hope the staff would continue with their contribution and

supports," said Kamarulzaman when opening the Annual General Meeting and elections of office bearers for the 2005-2007 term of the university's Workers Association (Kekaumas) at the campus yesterday.

He congratulated Kekaumas' officer bearers for the success in forming an association that could develop the supporting staff of the university.

"I can see that the association has shown a commitment in strengthening

the ties between the staff and the management," Kamarulzaman stressed.

He urges the in-coming office bearers to continue with efforts of leading the association for the benefit of the staff and the university.

Meanwhile, President Amat Jutrah Haji Musnih, who has been entrusted to lead the association for the third term (2205-2007) since he first assumed the past in 2001, assured members that his office bearers would continue to champion for their welfare and rights.
