SANDAKAN: An action plan to develop the district will be prepared by the National Economic Action Council and Universiti Malaysia Sabah (UMS) as a follow-up to the proposal by Chief Minister Datuk Seri Musa Aman.

Municipal Council President Datuk Adeline Leong said the district was among five in the East Coast, including Tawau, Lahad Datu, Semporna and Kinabatangan, identified for the action plan.

"The researchers and consultants had in fact come here on Oct 22," she said at the full council meeting here on Thursday.

She added that the group headed by Prof Mohd Yusof from UMS was given a comprehensive briefing by Council Secretary Mohd Hamsan Awang Supain.

She urged those in the district to render full cooperation to the researchers who are expected to complete their work in six months.
