UMS offers Masters in Psychology

NST 28·09·2012 3

Human talent represents an asset beyond the measure of quantification in value to any organisation. Heeding the call, UMS Centre for External Education (UCEE), a life-long learning centre based at Universiti Malaysia Sabah in Kota Kinabalu is committed to providing quality programmes on the quest towards of a more rewarding educational experience to consolidate their individual effectiveness and enhance their career prospects.

Universiti Malaysia Sabah's School of Psychology and Social Work through UCEE presents the opportunity to read for a Masters in Psychology (Counselling) degree via course work on a part-time basis.

This programme is suitable for those considering either a career change, as well as those who are seeking an opportunity for enhancement of knowledge which will translate into practical application of the principles acquired.

According to the Dean of the School of Psychology and Social Work, UMS Assoc. Prof. Dr. Murnizam bin Halik, UMS has the honour of being the second university in Malaysia to offer this widely received programme.

This programme has been approved by Lembaga Kaunselor Malaysia and students will be eligible for registration as registered counselors in accordance with the requirements of the Counsellors Act 1998 (Act 580) mandatory for registration as a counselor.

Tailored to the requirements of the working individual, all classes are taught during the weekends. Prospective applicants should preferably hold a basic degree in either psychology or counseling however preliminary courses are available to those in possession of other qualifications prior to enrollment.

The next intake for the UCEE postgraduate programme will commence in September 2012. Applicants in need of financial assistance have the options of either pursuing the course of study via EPF withdrawal and/or PTPTN applications.
