UMS student council secures RM1.5 million for campus upgrade

KOTA KINABALU: The Student Representative Council (MPP) of Universiti Malaysia Sabah (UMS) has secured an allocation of RM1.5 million from the Ministry of Higher Education Malaysia (MoHE) to enhance student welfare and campus facility.

MPP UMS president Allen Paul Justinus Situ in a statement said the funding followed a memorandum submitted to Higher Education Minister Datuk Seri Zambrzy Abdul Kadir during his recent visit to Dapur Siswa Madani UMS.

The memorandum outlined three main clusters of student needs, including bridging infrastructure and digital gap with Peninsular universities,

Allen Paul Justinus Situ

upgrading practical learning facilities, and ensuring stability of basic supplies and campus infrastructure.

Allen said the approved allocation will focus on modernising laboratory facilities and enhancing information

technology infrastructure to improve learning quality and graduate employability.

"This will address limitations in access to laboratory equipment and enhance IT (information technology) facilities, ultimately improving the competitiveness of UMS graduates," he said.

He also expressed appreciation to the minister for responding to student concerns, describing the allocation as a significant achievement for the university community.

MPP serves as the official student body representing student interests and acts as a bridge between students and university management.
