

SKTM UMS staff team building group.

Celebrating the Dean's birthday after the event.

We are the champions.

We will rock you.

All are eagerly anticipating the activity.

## Team building for UMS staff

BP 22.03.2012 B1

About 40 University Malaysia Sabah (UMS) staff of School of Engineering & Information Technology headed by Associate Professor Dr Rosalam Sarbatly as the dean, participated in a team building activity by doing whitewater rafting along Kiulu River recently.

The journey covered 8.5 kilometers of beautiful and natural sceneries and took about two hours of rafting, including a stop along the journey to take a dip in a cool, clean and mesmerizing Kiulu river.

All the participants were bundled into six boats and they had a lot of fun with water and nature.

There were several challenges along the journey, with some boats capsized. Nevertheless all went through it safely and met the objective of team building and boost team spirit among the staff.
