## SCIB secures RM11.9 million sub-contract at Sabah varsity

**KUCHING:** Construction and Engineering, Procurement, Construction and Commissioning (EPCC) specialist, Sarawak Consolidated Industries Bhd (SCIB), wholly-owned subsidiary, SCIB Industrialised Building System Sdn Bhd (SIBS), has secured an EPCC sub-contract valued at about RM11.9 million for upgrading works at Universiti Malaysia Sabah (UMS).

The sub-contract involves the proposed upgrading of the air-conditioning system at the Faculty of Engineering building under Phase 1, Package 8 of the UMS development programme.

SIBS was appointed as the subcontractor by Demi Cerah Construction Sdn Bhd.

The project is expected to be completed by July 3, 2027.

Non-independent non-executive chairman Datuk Chong Loong Men commented: "This contract represents another meaningful addition to SCIB's Construction and EPCC portfolio and further strengthens their presence in Sabah, highlighting the group's continued growth in the region.

"Institutional facilities such as universities require reliable and efficient building systems to support their day-to-day operations.

"We are pleased to contribute our technical expertise to the upgrading of UMS' engineering facilities while continuing to grow SCIB's pipeline of quality projects."

The contract is expected to contribute positively to SCIB's future earnings, with revenue and profit recognition anticipated to take place progressively throughout the contract period based on the progress of works.

SCIB intends to fund the project through a combination of internally generated funds and external financing, where required.
