

Welcome to Long Pasia!

UMS Recreation Club members visit Long Pasia

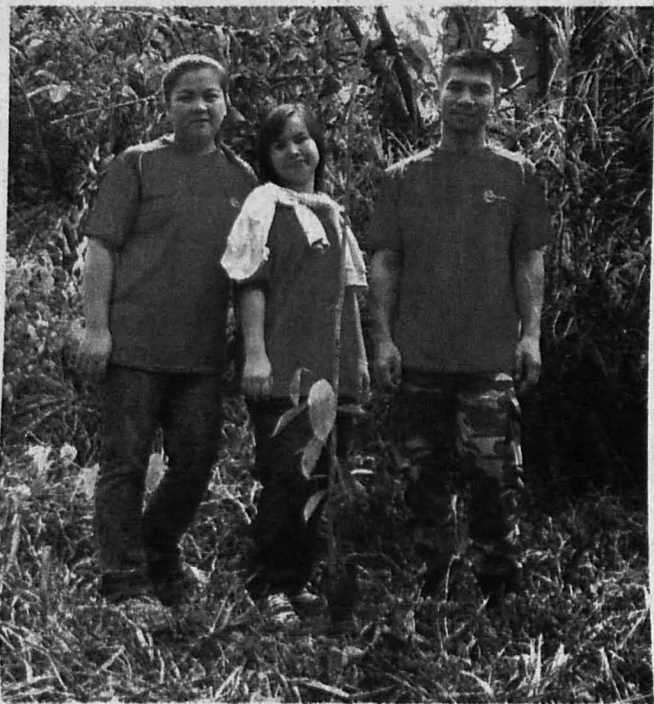

BP 22.12.2012 B1

THE Recreation Club of Universiti Malaysia Sabah (KRUMS) under the Recreation Bureau headed by Ismail Abdul Jalil and assisted by the visit's coordinator, Hasmi Hashim, organised an educational visit and corporate social responsibility (CSR) program to Long Pasia recently.

The much anticipated trip had the full support of KRUMS president Professor Dr Shariff A K Omang.

The trip included a series of activities like jungle trekking and tree planting activity around Long Mio forest with assistance from Eco Ethno Agro tourism staff.

The 30 academic and non-academic staff also had a chance to visit SK Long Pasia, donated used computers to the school lab and mingled with the students who even sang a farewell Lundayeh song as a mark of appreciation for the visit.

Tree planting activity.

CSR program with SK Long Pasia.

Welcome to Eko Ethno Agrotourism Long Mio.
