KOTA KINABALU: Universiti Malaysia Sabah (UMS) has offered further advancement to 82 of its academic and non-academic employees for their excellence work performance with the university.

A total of 23 employees have moved on to become senior lecturers, 14 employees in the management and professional division, a DG44 grade language lecturer and 44 employees from the implementation team.

All of the employees were celebrated in an advancement appointment event presented by UMS Deputy Vice Chancellor (Research and Innovation) Prof. Dr Shahril Yusof at Galeri Majlis, here, on Thursday.

Earlier, Dr. Shahril in his speech said

'Mempermudahkan' (simplify) would be one of the keys for the university's personnel to deliver their service.

He deliberated that if every task implemented simplified things, students and even the public will benefit from it and service delivery will become better.

"It is a challenge for the administration personnel given advancement to think and provide a better service in the delivery of their work process," he said.

Meanwhile, UMS registrar No'man Ahmad explained that in line with Malaysia Education Development Plan (Higher Education) that is excellence in talents, UMS will improve the career path for academic employees that is expected to be implemented in July.
