# UMS graduates urged to acquire skills

BP 30/11/2011 A9

**KOTA KINABALU:** Universiti Malaysia Sabah (UMS) vice chancellor Professor Datuk Seri Dr Kamaruzaman Ampon has urged graduates to equip themselves with skills needed to meet future challenges.

"I believe graduates will go through various challenges during their studies in UMS and I hope all the challenges would make them more mature to value the real meaning of life.

"There is no easy formula to succeed in life and each individual is responsible to determine his or her own success in career."

Kamaruzaman was represented by the director of UMS Labuan International Campus (UMSKAL) Professor Dr Shariff AK Omang Al Haj at the UMSKAL graduate appreciation night here on Monday.

He added that UMSKAL received an allocation of RM24 million under the 10th Malaysia Plan (10MP) to repair and upgrade its existing facilities.

"The construction of infrastructure such as a central lecture hall and library are expected to accommodate the rising number of students every year," he said.
