KOTA KINABALU: The Business, Economics and Accounting Faculty (FPEP) of Universiti Malaysia Sabah (UMS) has collaborated with Borneo Food Chain company to open a fast-food kiosk in the faculty.

The fast-food kiosk will be fully-run by the students of Finance and Banking Programme (HEO6) under its Entrepreneur Exco, FMBC Bizhub.

Through the collaboration, Borneo Food Chain is responsible for providing facilities such as business operation training, business facilities and financial support to the students.

The students will undergo sufficient training to ensure that the food quality and delivery are at its best especially on the preparation and delivery of the product.

FPEP Dean Professor Dr. Rasid Mail said the partnership will be benefitting to students because it could expend their interest in entrepreneurship.

“The programme will help them to build entrepreneurship mentality and at

the same time actively involved in such activities that could generate income,” he said.

Meanwhile, HEO6 Programme leader Amer Azlan Abdul Jamal said the partnership is a capstone activity that will give an opportunity for students to practice the knowledge that they gained in the class-

room and bring it to the real world.

Some of the products available at the kiosk are fish balls, fish nugget, fish wonton, Tofu seafood, fish cake and fish crackers.

The kiosk is open on Monday to Saturday at 7.30am to 4.30pm at the faculty foyer.
