

UMS scholarship for 77 Master's, PhD students

BP 17.5.2019 |

KOTA KINABALU: A total of 77 Master's and Doctor of Philosophy (PhD) students of Universiti Malaysia Sabah (UMS) received the Post-Graduate Scholarship Scheme (SBP) from the university.

Four of the recipients are international students who received the International Student Fees Scheme (SYPA).

At the event held at the UMS recently, Postgraduate Research Centre's Dean Professor Dr Arsiah Bahron reminded the recipients to take advantage of the best possible aid scheme and use it to reach the Graduate on Time (GoT).

"Hopefully, this scheme will ease the financial burden of the students and hopefully those who receive this scheme will continue to excel in their studies.

"I also recommend that all recipients follow the three-minute thesis competition held annually," she said.

For the record, 127 SBP recipients had graduated between 2015 and 2017, 15 of whom were GoT and the rest completed their studies successfully.
