UMS staff attend public talk

BP 27-5-2013 B1

THE National Population and Family Development Board (LPPKN) held a health talk for the staff of Universiti Malaysia Sabah, Labuan International Campus (UMS-KAL) recently.

It was organised by the Women Staff and Housewife Club of UMS-KAL (Kesumba) to

expose the staff about breast and cervical cancer.

Rohana Jahidi, the chief nurse at LPPKN Labuan, delivered the talk.

Kesumba assistant secretary Khatijah Ayub hoped that the health talk would enhance the awareness of the participants of the need to always take care of

their health.

Other programmes held were medical checks for blood pressure, glucose and cholesterol level, BMI and health counselling.

Also present at the programme was the dean of Labuan Informatics Science School, Dr Ag Asri Ag Ibrahim.
