According to Zaenah, the visit was significant for the students

as they were able to see and experience for themselves the learning environment at the campus.

"I hope this visit will inspire and motivate the students to work harder in their studies to enable them to enrol at the university, including UMS," she said.

Meanwhile, the senior lecturer

for Labuan International Finance and Business School, Dr Geoffrey Harvey Tanakinjal, briefed the students on UMS-KAL activities.

The students toured the campus, including the library.
