

Labuan Corporation officers on study tour to UMS-KAL

BP 27-8-13 AG

LABUAN: Thirty quality officers from Labuan Corporation (LC) made a study visit to Universiti Malaysia Sabah, Labuan International Campus (UMS-KAL) recently.

The visit was led by the assistant director of Quality, Management Service Department of LC, Edzrina Tamin who represented the department's director,

Rithuan Mohd. Ismail. Edzrina said they were briefed on UMS-KAL's 5S Quality Environmental Practice by senior librarian Baharin Entoh at the campus' seminar room.

Later the visitors toured some of the campus departments which successfully applied the 5S practices.

Baharin hoped the study visit

would further enhance the relationship between LC and UMS-KAL.

UMS-KAL's 5S practices had received two certificates of recognition from Malaysian Productivity Corporation (MPC) and would represent Sabah, Sarawak and Labuan region to the national level 5S Convention in Pahang in October.
