
BTI, UMS to work together

KOTA KINABALU: The Borneo Tourism Institute (BTI) and the University Malaysia Sabah (UMS) will soon work together to train people to meet the needs of the tourism industry.

A statement relea-

sed by UMS yesterday said that the cooperation would go towards preparing a skilled and knowledgable workforce in the tourism industry.

This could be achieved through sharing of expertise,

facilities and provision of hands-on experience.

This cooperation will be realised with the signing of a Memorandum of Understanding (MoU) between the two institutions on May 20.
