# SPSS course for teachers, lecturers

BP 5-2-2014 A1

THIRTY school teachers and lecturers of Labuan Matriculation College (KML) took part in the introductory course of Statistical Package for Social Science (SPSS) and in Basic Analysis for Statistics Data.

The five-day course was

held from January 19 at the college's computer laboratory and conducted by UMS lecturer in Social Work and Psychology School, Dr Ferlis Bullare.

KML held the course to prepare and expose the teachers and lecturers to the application of statistical data

analysis in their research work.

Present during the closing ceremony of the course and to hand over the certificates to the participants was KML deputy director Hj Mohd Shaari Azyze Mohd Salleh Azyze.
