

Felda impressed with its UMS undergrads

DE 8.2.2014 4

KOTA KINABALU: Felda Liaison Director Mohamad Khairuddin Mohamad was impressed with Felda's Universiti Malaysia Sabah (UMS) undergraduates who often involved themselves in various community programmes.

Speaking after the Annual Work Target Programme (SKT) for State and Malaysian liaison chiefs, Mohd Khairuddin commended the proactive UMS undergraduates for being actively engaged in community service through Permuafakatan Siswa Siswi Felda (Persada).

"We always support such involvement to ensure that they will not be left out of activities involving community activities. It is consistent with the founding goals of Persada UMS in creating a Felda generation that is smart," he said.

In the meantime, Deputy Vice Chancellor of Student Affairs and Alumni Assoc. Prof. Datuk Dr Kasim Md Mansur expressed appreciation for their contributions and attention in helping and planning various programmes with Felda UMS undergraduates.

"These programmes form a strong identity as well as enhance their soft skills while giving space to undergraduates to contribute in a variety of Felda

development programmes in line with the expectations of the Prime Minister," he said.

Also present were Felda Liaison Chief in Sabah, Asmarah Rikun.
