

# 276 UMS students attend leadership skills course

BP 22.3.2014 9

**LABUAN:** Some 276 students from Universiti Malaysia Sabah (UMS) attended the Student Organisation Management Course at three of its campuses, namely at UMS Kota Kinabalu, UMS Labuan International Campus and UMS Sandakan this month.

Programme coordinator Norhana Nordin said the course was aimed at equipping students with leadership skills in a more systematic way, especially those involved in clubs or

organisations in the campus.

"The knowledge they gain through the course will be useful to them after they leave campus life later," she said.

She said the course taught students how to set up an organisation, especially in the campus, while being taught in coordinating the organisation.

Other activities included lessons in writing reports, letters and meeting agendas.
