UMS-KAL brings joy to children at Labuan hospital

BP 7-7-2014 6

LABUAN: The children undergoing treatment at Labuan Hospital were delighted when Universiti Malaysia Sabah, Labuan International Campus (UMS-KAL) staff led by its director, Associate Professor Dr Ismail Ali, called on them at

the children's ward.

During the visit, 13 children received contributions in the form of hampers.

Dr Ismail said the visit and the contributions were the university's social responsibility and care

towards the children, especially during the holy month of Ramadan.

Also present during the visit were UMS-KAL deputy registrar Zamri Mohamad Tuah and the hospital director, Dr Rameswaran Muthu.
