KOTA KINABALU: Universiti Malaysia Sabah (UMS) and Federal Agriculture Marketing Authority (Fama) Sabah have teamed up again for this year's UMS Bazaar Ramadhan which ends on June 14 at the UMS marching field.

Besides providing UMS citizens especially those who are fasting a place to buy food, the bazaar also creates an opportunity for students who are keen to open their business by opening their stalls.

A total of 41 stalls were opened including 21 put up by students and the rest by traders.

Such effort will instil entrepreneurship value towards the community especially students.

During the bazaar, Fama coordinated with the traders while the student traders were overseen by UMS Student Affairs Department and Division of Training and Entrepreneurial Development (BLPK).

Fama also provided canopies and tables for students who set their own stalls. Fama and BLPK also monitored the price of the goods sold.

The UMS Bazaar Ramadan was officiated by JHEP chair-
