

# UMS donates books, toys, diapers to hospital

BP 26.12.2014 6

**KOTA KINABALU:** Universiti Malaysia Sabah (UMS), through its Treasury Department Staff Club, recently held a corporate social responsibility program at the children ward of Sabah Women and Children Hospital (HWKSS) in Likas.

UMS acting treasurer Zallifah Shadan said apart from contributing to the hospital, the program was able to foster a sense of social responsibility to the local community, especially in Kota Kinabalu.

“Such programs are also expected to strengthen the relationship between UMS and the local community,” added Zallifah, who led the delegation.

In efforts to get closer to the community, club president Silawati Khamis said UMS planned to further intensify its community activities next year.

During the visit, the club also donated books, toys and diapers, which were handed over by Zallifah to HWKSS head nurse Masda Rasti.
