

UMS wins third place in university robot competition

DE 28-9-2019 11

KOTA KINABALU: The University of Malaysia, Sabah (UMS) Robotics Team emerged third at the University Robot Competitions: Kingdom of Champions (U-Rock 2019) organised by University Malaysia Perlis (Unimap) on Sept 21-22.

UMS team went against 28 teams to eventually win third place. They took home RM1,500, trophies and certificates of participation.

The team comprised second year faculty of engineering students namely Tiong Lin Rui, Ong Tun Yau, Nur Faeza Farhana Anggu, Mohd Nur Syafiq Noor, Arifai Mercy, Lee Kin Wai, Soh Chia Seng and Stanley Ka.

Meanwhile, UMS Vice-Chancellor Prof Datuk Dr Taufiq Yap Yun Hin congratulated the team on its achievement.

The UMS Robotics team that won third place.

"This success will surely motivate and inspire other students to achieve success in the future.

"Well done to all the students and the project coordinator, Associate Prof Ir Dr Muralindran Mariappan as well as team manager, Dr Khong Wei Leong for their hard work and dedication in ensuring the achievement," he said.
