The Train the Trainers programme participants.

KOTA KINABALU: Universiti Malaysia Sabah (UMS) through the Faculty Computing and Informatics (FKI) in collaboration with Microsoft hosted a Train the Trainers programme from 8 – 9 April 2019.

The Dean of FKI, Associate Prof. Ag. Asri Ibrahim said participating faculty members were exposed to new emerging digital technologies such as Artificial Intelligence, Data Science and Cybersecurity using the Microsoft latest platform and module content.

“Upon completion of the programme, the faculty members would be able to conduct knowledge transfers to UMS final year students in the areas of Artificial Intelligence, Data Science and Cybersecurity by using the same platform.

“The knowledge transfer to students is expected to run from May to September 2019 via bootcamp, workshops or syllabus embedment,” he said to the media after the event.

According to Prof. Ag. Asri, students who completed the modules will have the opportunity for job placements through various job placement activities scheduled at the end of the year.

He said some 15 faculty members from UMS with an estimated 400 undergraduates are expected to benefit from this programme.

“This programme has the full support from

both Ministry of Education (MOE) and Malaysia Digital Economy Corporation (MDEC).

“Technology changes the rules of business, and it is imperative that UMS future-proof our graduates by building a strong digital innovation ecosystem.

“Given the tremendous potential of Artificial Intelligence and other emerging technologies, it is the absolutely the right moment for UMS to equip their graduates.

“The program is an important aspect of that effort and UMS is delighted with this latest collaboration,” he added.

Also present at the event were the Director of Industry Relations Division, Ministry of Education, Prof. Dr. Arham Abdullah; UMS Vice-Chancellor, Prof. Datuk Dr. D Kamarudin D Mudin; UMS Deputy Vice-Chancellor (Academic and International), Prof. Dr. Rasid Mail; Senior Manager MDEC, Rohidah Maskuri; Sales Director of Microsoft Malaysia, Khatijah Samah and the FKI Information Technology Deputy Chief Officer, Effendy Hadis.

UMS through the FKI welcomes such collaboration with any organization to enhance and upskill undergraduates especially in the area of digital initiatives to meet the requirements of talents in the country. For any inquiries please e-mail us through pefki@ums.edu.my.
