## UMS CSR programme at SK Gusi

DE 11-4-2019 10

RANAU: Universiti Malaysia Sabah (UMS) through the Institute of Tropical Biology and Conservation (IBTP) and Four-Wheel-Drive Volunteer Club (UMS 4WDVC) will be conducting the 5<sup>th</sup> Borneo Cross Country: Lipan Bara to SK Gusi, Ulu Sugut Expedition from April 25 to 28.

The annually held event is one of UMS' Corporate Social Responsibility programmes involving at least 25 off-road vehicles conducting community services at remote villages in the interior region of Sabah which are normally tough to be accessed with normal daily cars.

Among the activities that will be organised at SK Gusi include student motivational session, drawing contest, fruit and vegetable planting, solar purification projects, charities, gazebo building,

health check, and dental health care class.

UMS 4WDVC President Prof Dr Shahril Yusof said that hosting such activities with the students of SK Gusi would allow them to improve their academic.

"At the same time, we will be able to assist nearby villages to improve their economy by planting vegetable and fruits as well as conducting health checks and provide free medical care as the nearest clinic is quite a distant," he said.

SK Gusi Parents Teacher Association Chairman Kamarudin Unangga expressed his happiness as Kg Gusi was selected to be the destination for the upcoming expedition.

He also informed the villagers to be prepared to welcome the members of the expedition.
